

Create and Configure IBM Cloud Services

Create text to speech service

Date	04 November 2022
Team ID	PNT2022TMID11020
Project Name	Project – Smart medicine reminder for elderly people

Step 1 :open IBM Cloud services and open catalog and type text to speech

The screenshot shows the IBM Cloud catalog page for the 'Text to Speech' service. The browser address bar shows 'cloud.ibm.com/catalog/services/text-to-speech'. The page header includes the IBM Cloud logo, a search bar, and navigation links for 'Catalog' and 'Manage'. The main content area is titled 'Text to Speech' with the description 'Synthesizes natural-sounding speech from text.' Below this, there are tabs for 'Create' and 'About'. The 'Create' tab is active, showing a 'Select a location' dropdown menu with 'Sydney (au-syd)' selected. Below this is a 'Select a pricing plan' section with a table showing a 'Free' plan with '90 Characters per Month'. A 'Summary' sidebar on the right lists details: 'Text to Speech', 'Free', 'Location: Sydney', 'Plan: Lite', 'Service name: Text to Speech-1f', and 'Resource group: Default'. At the bottom of the sidebar, there is a checkbox for 'I have read and agree to the following license agreements:' and a 'Create' button. The Windows taskbar at the bottom shows the time as 19:54 on 18-11-2022.

IBM Cloud interface showing the 'Text to Speech-1f' resource page. The page is active and includes a sidebar with options: Manage, Getting started (selected), Service credentials, Plan, and Connections. The main content area displays 'Getting started with Text to Speech' with a 'Last Updated: 2021-02-02' timestamp. It describes the IBM Watson Text to Speech service and provides a tutorial link. A video player is embedded, showing a 'Getting started with Text to Speech' video. The video player interface includes a play button and a progress bar.

IBM Cloud interface showing the 'Text to Speech-1f' resource page, specifically the 'Service credentials' section. The page is active and includes a sidebar with options: Manage, Getting started, Service credentials (selected), Plan, and Connections. The main content area displays 'Service credentials' with a description: 'You can generate a new set of credentials for cases where you want to manually connect an app or external consumer to an IBM Cloud service. [Learn more](#)'. Below the description, a table lists the credentials:

1 item selected		Delete selected credentials	Cancel
	Key name	Date created	
<input checked="" type="checkbox"/>	Auto-generated service credentials	2022-11-18 7:55 PM	 

Text to speech service is created successfully
